

# How Do Local Catholic School Students Measure Up?

## — GRACE System WKCE Comparison Fall 2009 Data —

All GRACE students in grades K – 8 take the MAP assessment. All students from Grade 3 through 8 and Grade 10 take the WKCE in the public schools. The subject areas where correlations have been made include: Grades 4 and 8 in Language Arts and Grades 3 through 8 in Reading and Mathematics for fall 2009.

The State of Wisconsin WKCE Test ranks students into four knowledge categories: Minimal, Basic, Proficient and Advanced. With all 10 of the GRACE schools reporting, the GRACE System demonstrates 86% to 99% of students identified as Proficient or Advanced at all grade levels and in all three content areas, Reading, Language Arts and Math.

M=Minimal  
B=Basic  
P=Proficient  
A=Advanced

**On the GRACE schools' MAP assessments:**  
*"We are very, very pleased with the results," commented GRACE System President Carol Conway-Gerhardt. "The results clearly illustrate that our GRACE students excel in Reading, Language Arts and Math."*
